2. Organization and Structure

Why It Matters:

Organized writing helps readers understand information easily. For first graders, basic structures like a beginning, middle, and end are appropriate.

Rubric Criteria:

Why It Matters:

Mastery of basic conventions supports clear communication and lays the foundation for future writing skills.

Rubric Criteria:

1. Post-Exam Marking and Data Collection

After exams are completed, examiners mark the scripts and record the raw scores for each student. This data collection forms the foundation for analysis.

2. Standard Setting and Statistical Analysis

Qualified experts and examiners analyze the data to determine the distribution of scores. They consider factors such as:

- Overall exam difficulty
- Student performance trends
- Historical data from previous years

Using statistical methods, they establish cut-off points that differentiate between grades.

3. Adjustments for Fairness

To ensure fairness, adjustments may be made to account for variations in exam difficulty or unexpected events. The goal is to maintain consistency in grading standards year after year.
