- **Question-Answer Matching:** Provide a list of questions and a separate list of possible answers. Students match each question with its correct answer.
- **Image-Question Matching:** Use pictures of people with different personal details. Students match each image to a question they can ask about that person.

2. Fill-in-the-Blank Activities

These exercises focus on practicing question formation and vocabulary.

- Provide incomplete questions where students fill in missing words, such as:
 - *What is your _____?* (name)
 - *How _____ are you?* (old)
- Encourage students to write full questions based on prompts.

3. Role-Playing Exercises

Role-playing simulates real-life conversations, boosting speaking and listening skills.

- Set up scenarios where students ask and answer personal information questions, such as meeting a new classmate or a new neighbor.
- Assign roles and contexts to make the activity engaging.
- Encourage students to practice greeting phrases and follow-up questions.

4. Question Formation Practice

Focusing on grammatical accuracy, these exercises help students form correct questions using different question words.

- Provide statements and ask students to turn them into questions. For example:
- Statement: You are from Spain.
- Question: Are you from Spain?
- Practice with various question words: Who, what, where, when, why, how.

5. Listening and Comprehension Exercises

Listening activities improve understanding of spoken personal information questions.

1. Fill-in-the-Blank and Gap-Fill Exercises

Purpose: Reinforce question structures and vocabulary.

Implementation: Provide sentences with missing words or phrases, prompting students to complete them with appropriate personal information questions or answers.

Example:

- _What is your _____?_
- _My name is _____. _

Variations:

- Students fill in questions based on prompts.
- Provide answers and ask students to formulate the corresponding questions.

2. Role-Play Activities

Purpose: Practice real-life conversational skills.

Implementation: Pair students or form small groups. Assign roles such as visitor and host, student and teacher, or new acquaintance. Students ask and answer personal questions as part of simulated conversations.

Benefits:

- Builds fluency and spontaneity.
- Encourages authentic interaction.
- Offers immediate feedback.

Example Scenario:

Student A is a new student; Student B is a classmate. They introduce themselves and ask basic personal questions.

3. Information Gap Exercises

Purpose: Promote communication by having students share information to complete a task.

Implementation: Each student has different personal details. They must ask questions to fill in missing information.

Example:

Student A has a chart with their name, age, and hobby but no contact info. Student B has the contact info but not the name or age. They ask each other questions to complete their charts.

4. Matching and Sorting Activities

Purpose: Reinforce understanding of question types and appropriate responses.

Implementation: Students match questions to suitable answers or categorize questions based on their function (e.g., personal, contact, family).

Example:

Matching question prompts like "Where do you live?" with answers such as "I live in Madrid."

5. Question Construction Exercises

Purpose: Develop students' ability to form correct questions.

Implementation: Provide students with answers and ask them to create suitable questions.

Example:

Answer: "My name is Sarah."

Question: _____?

Additional Tips:

- Use mixed exercises where students convert statements into questions.
- Incorporate visual cues or pictures to make the activity more engaging.

6. Listening and Comprehension Tasks
