Question 1: What were the main causes of World War I?

Sample Answer:

The main causes of World War I include militarism, alliances, imperialism, and nationalism?collectively known as the MAIN causes. European nations engaged in an arms race, building large militaries and stockpiling weapons. The complex system of alliances, such as the Triple Entente and Triple Alliance, created a web of obligations that escalated regional conflicts into a global war. Imperial rivalries fueled competition for colonies, particularly in Africa and Asia, leading to tensions among European powers. Nationalist sentiments, especially in the Balkans, heightened tensions and led to events like the assassination of Archduke Franz Ferdinand of Austria-Hungary, which ultimately triggered the war.

Question 2: How did the Treaty of Versailles impact Germany?**Sample Answer:**

The Treaty of Versailles had profound effects on Germany, including severe territorial losses, military restrictions, and economic reparations. Germany was forced to cede territories such as Alsace-Lorraine to France and demilitarize the Rhineland. The treaty limited the size of the German army and prohibited conscription. Economically, Germany faced heavy reparations, leading to hyperinflation and economic instability. Politically, the treaty fostered resentment among Germans, fueling nationalist movements and the rise of Adolf Hitler. The treaty's harsh terms are often cited as contributing factors to the outbreak of World War II.

Question 3: What was the significance of the Cold War?**Sample Answer:**

The Cold War was a period of ideological, political, and military rivalry between the United States and the Soviet Union from roughly 1947 to 1991. The Cold War led to significant events such as the Cuban Missile Crisis, the Vietnam War, and the space race, notably the moon landing.
