

BECE PRESENT QUESTION Textbook

bece present question is a term that often comes up among students preparing for the Basic Education Certificate Examination (BECE), especially those aiming for success in their final exams. The BECE, conducted by the West African Examinations Council (WAEC), is a critical milestone for junior secondary school students across several West African countries, including Nigeria, Ghana, The Gambia, and Sierra Leone. One of the key aspects of effective preparation is understanding the types of questions that are likely to appear, particularly the present tense questions, which are fundamental in language and literature papers. This article provides a comprehensive guide to the BECE present questions, offering insights into what students should expect, how to approach them, and tips to excel.

Understanding the BECE Present Question

What is a Present Question in BECE?

A BECE present question typically assesses a student's knowledge of the present tense in English grammar, as well as their ability to use it correctly in various contexts. These questions may appear in different sections of the exam, such as comprehension, essay writing, or language structure exercises. They are designed to evaluate the student's understanding of how to use the present tense to describe current actions, habitual activities, facts, or ongoing situations.

For example, a typical present question might ask:

- "Fill in the blank with the correct present tense form of the verb."
- "Rewrite the sentence in the present tense."
- "Choose the correct option that best completes the sentence in the present tense."

Understanding the importance of the present tense in conveying clarity and immediacy makes mastering these questions essential for success.

Types of BECE Present Questions

BECE presents questions related to the present tense can take several forms. Recognizing these formats will help students prepare effectively.

1. Fill-in-the-Blank Questions

These questions require students to supply the correct form of a verb in the present tense. For example:

- "Every morning, she ____ (go) to school by bus."
- "The sun ____ (rise) in the east."

Students must identify whether to use the base form, adding 's' or 'es' as appropriate for third-person singular, or the present continuous form where applicable.

2. Sentence Transformation

Students are asked to rewrite sentences in the present tense. For example:

- Original: "He went to the market yesterday."
- Transformed: "He ____ (go) to the market."

This tests their understanding of tense consistency and correct verb forms.

3. Multiple-Choice Questions (MCQs)

Questions that offer options to choose from, testing knowledge of correct present tense usage. For example:

- "Choose the correct sentence in the present tense:"

- a) She is cooking dinner now.
- b) She cooked dinner now.
- c) She will cook dinner now.
- d) She cooks dinner now.

The correct answer should illustrate the proper present tense form.

4. Comprehension Passages

Passages may contain sentences in the present tense, and questions will assess understanding of

the tense in context.

Key Topics Covered in BECE Present Questions

To excel at present tense questions, students should focus on several key grammatical concepts.

1. Simple Present Tense

Used for habitual actions, general truths, and facts. The structure generally involves the base verb with an added 's' or 'es' for third-person singular.

Expresses actions happening at the moment of speaking. Formed with the verb 'to be' + verb ending in -ing.

- Examples:
- She is reading a book.

3. Present Perfect Tense

Indicates actions that happened at an unspecified time before now or that started in the past and are still ongoing. Formed with 'has/have' + past participle.

- Examples:
- He has finished his homework.
- We have visited the museum.

4. Common Errors to Avoid
